Be active every day. Eat right. Get plenty of sleep. And support your healthy lifestyle with Super Patch.

UNIQUE TECH. COMPLETELY NATURAL.

Super Patch's proprietary VTT technology enhances the connective bond between your mind and body. Each patch acts as a connector by using ridged contours that can help activate a specific neural response benefit.

While wearing a patch, your brain and body respond naturally to help generate positive thinking, balance & stability, athletic power, pain relief, and more.
